

# How do I get the most out of my Audit Division membership?

---

## ***Get Involved!***

There are many opportunities available if you are interested in taking a more active role in the Audit Division.

You can:

- Write an article for newsletters & publications
- Attend courses, conferences, and workshops
- Facilitate learning at division functions
- Hold volunteer leader positions

Recent division satisfaction survey respondents indicated the most satisfying factors of their division membership were the division's ability to contribute to advancing knowledge about quality and that the division provides access to training and professional programs.

When you become involved in a Division, only your interest and involvement determine how far you can go. The Audit Division encourages its members to advance their leadership skills and expand their base of knowledge.

*"The rewards of volunteering are infinite and the possibilities are truly endless. I wanted to help in any way I could so when I first joined the Audit Division I volunteered as International Regional Councilor. I found it very rewarding to support the division and give back to the membership, so much so that my volunteer efforts have taken me to lead the division as division chair."*

*John F. Mascaro, Division Chair, Aliso Viejo, California*
